ABBYY FineReader 11.0.102.583 Professional Edition Final (2012) Multilanguage  
ABBYY FineReader 11 Professional Edition is a text recognition program that translates document images and all types of PDF files into electronic editable formats. The program determines and accurately restores the logical structure of the document in its electronic copy, allowing you to forget about retyping texts. ABBYY FineReader 11 is based on the ABBYY FineReader system, ABBYY OCR suite of optical recognition technologies and intelligent automatic translation algorithms
