Olga Search - Acoustic is a demo version of the OLGA (online guitar archive). It contains a search box for guitarists and a separate windows that display the results of the search. This project was coded with the Yahoo! Widget Engine. References: [?](#) Koalahm Studio, 2/10/2008 [?](#) Koalahm Studio, 11/30/2008 Thanks! Learn how to make an OLGA (online guitar archive) search. This is the demo version of the OLGA (online guitar archive). It's coded with the Yahoo! Widget Engine. Here we go! :) Olga Search - The Firewall: First of all the OLGA has to be up! It doesn't show results if the OLGA is down. :) Olga Search - Google Engine: In order to use the OLGA you have to log in to your google account. Olga Search - Search Box: There is a search box that you can use to type what you want. The results will be displayed in a separate browser window. There are several commands and functions for the widgets. See the bottom of this post for more. Yahoo! has "100 Million Hits". I'm sure they are both wrong. We all know what the correct answer is: Ok, I'll stop with the boring stuff. Now to the better part: the "OLGA Widget" demo. This widget will display the results of the OLGA search in a browser window, the results will be sortable. If you don't want the results to be sorted you can pass `-sort=false` as a parameter to the widget. If you don't have an account at the OLGA you can sign up for free here: `var GMAIL = "your_email_here"; var`
