HEADER: STORY "MANIPULATION" (LAST "PROTECTION" OF BULK CD-3)-----(1)

"Are you afraid that the enemies are spying on you?" "No, no." A woman replied with great vigor with her arms crossed tightly over her chest. The rhythmic beating of a heart was synchronized with the throbbing of her neck. "Then, why are you so nervous?" I guess what she said certainly doesn't matter, but because her hands trembled in front of her, and her personality had disappeared, I took off my visor before she could reach me. I was two to three meters away, so I couldn't get close to her, but I couldn't stand not to see someone who was so simple in such a complicated situation. My supposition was right, since the woman was trying to strengthen her "protection" by secreting a mysterious air, she was a witch." "Protecting myself, I chased after this girl. "A bodyguard!"

Let's actually have a look at the game itself.

GAME PRESENTATION

Scene: The back of a hillside village where a big black tree spreads its branches. In this dead enchanted forest, a lone sorcerer hides under a tree. As he is walking alone, the music of a harp with soothing notes echoes. The light of moonlight shimmers on the

man's cape while the sound of late autumn rain peels the leaves from the tree.

A foul blood, medium-size skull with long horns, and claws is floating toward the man on a glowing ball of white light. The man draws a sword and attempts to stop the white light to kill the monster. However, before the final thrust, suddenly the blood of the monster drains into the palms of the man's hands and then disappears. The name of the skull is "Ghid-Ghid".
