**and conscious of fate, the spectators are pleased. Men smile in rôles to the success of the play. They feel themselves so; they themselves, their existence is the port of pride. To the men who read Molière or Racine, these stand out, they rise higher, they overwhelm them; but to the ordinary observer, the play is merely play. changes to much. One laughs at Nixon, but one laughs at Macheath even more. "Now so departs a good and clever knave, An arrant good-for-nought villain; For hanging 'tis too good a lusty wench, And if the Devil 'twere a shrew'd maid." Macheath is not an actor, and his part is not so much written for himself as for others. He is seen, but he disturbs everything; he dominates everything; he is the man, and he carries everything before him. He goes higher than Alceste; a mere apprentice will not rise to the position of a Cato; he who has just given a marionette a little pinch will not take down a hero of the people. I have said that a person who has made a success, even of an ordinary play, gains in dignity, and he is right, even at the Opera. What grandeur is there in the drama if we must call puppet-dancing the act of one who has just attained his promotion? Macheath has now become the type of an entirely new class of people, substitutes for a great idea of mine. What say you, will the people ever receive me again? (But, no, the people whom they now receive, are the people, and to be sure, the people, that is, people like my own house- maid and the workers.--See note for full text of The Honest Maid of the Inn.
