Elden Ring [v 1.02 + DLC] For Windows

**CLASSES** There are six playable classes available to choose from. - The brave Knight, wielding a versatile sword. - The daring Rogue, using a boomerang and poison. - The mighty Magician, using fire and crystals. - The mysterious Shadow Ninja, using ninja techniques. - The silent Priest, using the power of the Word. - The courageous Archer, using magic and traps. (Note: Due to compatibility issues, select Ninja, Shadow Ninja, and Priest classes are not compatible.) **COMMUNICATION** When creating a character, you have the option to select which kind of communication they use. - The Noble Knight has the ability to communicate with other characters in real-time. - The Rogue has the ability to communicate with other characters in real-time. - The Magician has the ability to communicate with other characters in real-time. - The Shadow Ninja has the ability to communicate with other characters in real-time. - The Priest has the ability to communicate with other characters in real-time. **ABILITY** You have access to four different ability types. - The Noble Knight is born from the natural order, and his Abundant Ability can support and shield his allies. - The Rogue has the ability to gather intelligence, and his Analytical Ability can discover weaknesses and open new paths for him. - The Magician has the ability to generate energy and control fire, and his Arcane Ability can unleash the power of crystals and turn the odds in his favor. - The Priest can use the Word, create barriers, and walk on water, and his Heaven Ability can protect his allies. - The Shadow Ninja has the ability to learn and use the Mist, enter a new world, and perform in water, and his Shadow Ability can get in and out of trouble before his enemies. **SURVIVAL** There are two different types of survival that you can acquire. - Luck-type Skill—Equip and use Skill Gems in order to increase your character's luck. - Fitness-type Skill—Increase your stamina to increase your chance of survival. **ITEMS** There are several kinds of items you can use to aid your adventure. - Armor—Increase your defense, decrease your speed, and absorb damage. - Weapons—Increase your defense and strength, but deplete your Mana. - Explosives—Increase your defense and strength, but increase your Mana. -
