

Amazing information in this article. Thank you for the efforts you have made here! A must-read for anyone with an interest in the occult, witches, or the various theories that surround the paranormal. It has been my favourite book of all time for a few years now, and it's still my all-time favourite today. "The Black Arts," is filled with (my) unforgettable experiences within the exciting world of the occult, and it is especially fascinating for people like myself, who not only have an appreciation for horror literature and art, but who also live their lives around the strange and scary side of the world. There is something for everyone in this book, whether you're into the occult or not! Thanks again for writing this excellent book, Mr Grisham! It's a real treat to read! I've been a fan of your books since this first one came out, and even if your writing and characters are brilliant, my absolute favorite aspect of "The Black Arts" is that perfect combination of creativity and fear. You really know your stuff.

I think you should get your own tv show. I'd watch it for you. Thanks again for writing such a wonderful book! The Black Arts is a masterpiece. Mr Grisham is also a genius.

-Black Eddie [W]hatever you do... stay faithful to this book and it will stay faithful to you. Thank you for writing such an important book.

-Linda Mr. Grisham, Your book "The Black Arts" has helped me understand that darkness and light are not opposing forces, but that both are needed to exist in this world. I was under the impression that I would never be able to truly complete the book because I was too young at the time. But I've now realized that I'm too old and that I won't be able to keep up with the pace of the book. However, I won't allow myself to get too impatient to find a cure in the book for my "problem". I think that if I do this, then I will be betraying the purpose of the book. So I will just have to be patient. Thank you very much!

-Haruki The Black Arts is a masterpiece. Mr Grisham is also a genius.

-Black Eddie Everyone. I want to say THANK
