## **CRACK Super Robotnik Land**

Review of Wario Land 4 On one hand, I don't see myself playing Wario Land 4 as much as Wario Land: Shake It! or I'd be doing reviews for those titles. On the other, Nintendo has recently been offering a greater selection of titles for the GameCube through the recent releases of Paper Mario: Color Splash and Luigi's Mansion 2. In this case, Wario Land 4 fills its role as a bridge between Wario Land Shake It! and the much larger Wario Land series. This game is a whole new adventure, taking place in the world of Wario's Woods. Instead of Mario, this game showcases Wario in place of Mario. This means players will see a lot of new characters, enemies, and objects, as well as Wario gaining the ability to perform new Mario-like moves and 3D Mario-inspired specials. This is also a huge departure from the Wario Land series as the game takes place on the island of "Wario's Woods." In Wario Land 4, you find your main character, Wario, and control him as he explores the island, discovers its secrets, and finds his way home to that familiar Toad-filled castle. Along the way, you'll encounter quite a few new characters and characters that are familiar from the Wario Land series. Wario can't use his signature hat, but his cap is the one he wears for the entire game. He is more Mario-like with his final transformation being at the end of the game. Of course, during the game, he is still as fond of eating enemies and pulling up and down with the power rope as the Wario of the Wario Land series. Wario Land 4 offers a

---

couple of new moves as well as several returning moves. His new unique move is the ability to fire a throwable fire helmet. One of his new abilities is his ability to walk on walls, something he couldn't do in Wario Land 2. Wario can also do various other tricks, including grabbing opponents and using his bite attack. The main addition is Wario's 3D Mario special. He can press up on the D-pad to jump up into the air, or he can grab on to an enemy and then he'll jump up and grab them from above. In Wario Land 4, you'll also
