FULL.rar - Download linkQ: Yii2-basic/faq/qa - Need sql help I have created a view which shows the attached image at a time. Now I want to create a drop-down list for choosing the day and then show the weekends (Sunday-Saturday). When choosing the day, select only the weekends from that day. For example, if choosing a Tuesday, only show the weekends between Monday and Tuesday. Here's my original view: And my updated view with the form: A: I did some more research on this and the answer is pretty simple. You can control what day/weekdays to display the weekends by using the before and after class of the view. Before: \$htmlOptions]]?> After: c6a93da74d
