DOWNLOAD 

Select the "IL-2 Sturmovik Keygen" tab in this tool and click on the "Generate" button. When you have the key, paste this code into the CD-Key Options. Then select "IL-2 ... [insert your CD-Key]" and press "GO". A window will appear in front of you saying that your CD-Key has been successfully inserted into Options. You can now use your key to open the game or other discs on your computer. In the next week I am going to write about how to run games on Linux and how to make games not only work but also look "cool". I don't have time for this yet, but I promise that by the end of this week I will get to the bottom of it.
