Club International Magazine Online

Lion Magazine. Behind every project the Lions Club undertakes, there is a story worth telling. These are stories filled with trials, hope and joy. These are stories about a real hero. These are stories that tell how a person can change the world. And this story is about a real hero. About a man who fights for his place under the sun, no matter what. There are no special effects or spectacular scenes in this film. This is a film about a man who lost everything, but, at the same time, gained something more. About a man who didn't give up. About a man who was ready to fight again and again. About a man who didn't want to give up hope. dd2bc28256
