Proceed with the installation as usual, now when you get the game, don't run it yet, you need a nocd patch. Take the nocd executable and put it in . /NOCD/ It does not require installation, but the game has a limitation. Outside of this space, after you've got the game, you must run it with nocd. Note: - if you downloaded nocd from this site, you can put it in the game folder. - I think this is about limiting the game, but that's just my guess. - I haven't checked yet and can't speak for others. - I don't know how many nocds the game contains. - if you need nocd you should get it here.
