When it comes to making music, I do a fair amount of it myself. I use Ableton Live to create tracks, and usually just use it to record tracks and then I use the free Process RAR r2r software to organize the multitrack audio files. This software actually comes with the package of plugins, so you really don't have to buy any extra software, just the bundle. Waves All Plugins Bundle V9r11 MacOSX-R2R.zip; Help with Waves.All.Plugins.Bundle.v9r24-R2R; Results.. just havin a guess here, cause ive been too lazy to try it. But i would assume that its probably a FLAC file plugin as those were the ones i was originally running on windows 10, anyways i guess you could try playing around with the filetype_restore setting, and if you don't find anything like that, do a search for mediafiles and try mediafilesync.wav if that doesn't work, try the.mid format.
