So I suggest to reinstall and give us the link to our new Home Page. Do you want to have an account and register? Whether you are looking for an informative book about the digital camera, amazing photo tools, or you are just looking to make a few bucks from a digital camera, you will find what you are looking for right here. The software will allow you to enter or select the destination file. The real problem is that Canon's new Dslr is coming out and the old Dslrs are no longer for sale in the US. This means that people will have to buy new DV tapes for the Dslr and the Dv Studio will probably not be replaced. I would have to wait a long time before I could buy another one. I use the Dv Studio for work most of the time. The last few weeks the light has not been on as much so I guess the batteries are getting low. I even recorded a show from a portable battery since the cam is on 24/7 at work. The tape went in the Dv Studio and the light just wouldn't come on. I even tried recharging the batteries on the cam but the light didn't come on.
