This is a just a bunch of random files that I have made. Some of which are Plugins. Some are demos, sketches, tutorials, releases, etc... Sharing and not selling. The plugin was either purchased or they have a license to distribute. In either case, they cannot share the plugin for the sale of it. If they give it to you, buy it, it's legit. Without a license or a commercial software, they cannot distribute it. This is meant to be shared. In no way does the author hold a license to distribute the software nor to supply it. I agree to the terms of service. Plugin Alliance: All Plugins for PLATFORM: Windows Vista, Windows XP
